OBJECTIVE OF CONFERENCE

The SB07 Taipei conference – “with the theme of GB + Symbiosis = SB” is a part of 2007 international serial conference organized by iiSBE in different regions of the world. At the same time, this conference is also the official conference of TSSBE (Taiwan Society of Sustainable Built Environment). The main focus of these conferences is to reflect regional differences and characteristics on the design and construction of Sustainable Buildings. The aim of the SB07 Taipei conference is thus to highlight the differences and characteristics associated with subtropical regions, and to help create a comprehensive overview for the global SB08 conference, which will be held in Melbourne, Australia, in September 2008.
